TARGET

THE QUARTERLY BULLETIN OF "PRO-FASCIST ACTION".

Welcome to this, our third issue of "TARGET"

Despite our warnings in two previous issues of TARGET, Searchlight continues to harass Nationalists both at their homes and at their places of work, thus causing the families of their political opponents to suffer. This tactic is disgraceful. We have vowed to retaliate using those same tactics that we despise, until Searchlight calls a halt. Any lefty who supports the tactics of Searchlight themselves become a legitimate TARGET for us. We wish no harm to come to those identified as Searchlight supporters, but do this to prove that exposure tactics is a weapon that can be used by both sides of the political divide. To this end, we note that Gable and his Searchlight gang are attempting to join forces with the Anti-Nazi League, and give due warning that unless their overtures are rejected then members of the Anti-Nazi League, and their colleagues in the SWP will be TARGETED. YOU HAVE BEEN WARNED !

INFORMATION UPDATE

Zebedees, the cafe run by Birmingham AFA which was exposed in issue 2 of TARGET has now closed down. Although stickers issued by Tim Scargill's Class War Organisation are using a Birmingham P.O. Box number which has been traced to Zebedees address of 190, Alum Rock Road. The renting of a P.O. Box from an empty shop is illegal, and the Post Office has agreed to investigate. Birmingham. Gordon Acton and Edward Wells have now moved out of 365 Cherrywood Road, Small Heath. It would seem that the neighbours objected to living close to a bunch of AFA/IRA supporters, and made their feelings known.

Another Red that Birmingham Nationalists should know about is AFA's Peter Larden. Pete lives at 49, Tewpark Road, Handsworth.

It seems that Tim Hepple finally has had "his"? book published, written in the inimitable style of Gerry Gable. The book is full of photographs, but mainly of Tim Hepple, and that makes us wonder is Gerry setting Tim up for martyrdom ?

Also since our last issue Tim Scargill aka Wright, has left the Class War Federation, and formed his own Class War Organisation. Several of his former Comrades have joined him, just about enough to fill a telephone box. Poor Tim has also suffered the slings and arrows of Searchlight, who can't seem to make up their minds if he is still a lefty, or is he a Nazi infiltrator. We won't tell

Tims friendship with Larry O Hara, a rival lefty researcher and thus a Searchlight hate figure, can't have helped Tims cause any. Never mind Tim, Join the club.

Talking of researchers, most Nationalists get letters from self-styled researchers from both the political left and right, all claiming to be writing a book, or making a t.v. programme, and all want something for nothing. Tell them NOTHING about anybody on the Nationalist scene, and only offer information on our political opponents IN RETURN FOR INFORMATION ! As Gerry, Ray Hill, and Tim Hepple all say.. "THERE'S NO SUCH THING AS A FREE LUNCH" !

This little chubby faced Red photographer first pictured in issue 2 has been spotted on several occasions in the Islington area of North London. Any further sightings please report to us immediately.

DONATIONS

We would like to thank all those Branches and Individuals who sent us donations. As you can see we raised enough money to produce issue 3, and with a little more help, issue 4 will be guaranteed. Although times are hard financially, please give what you can.

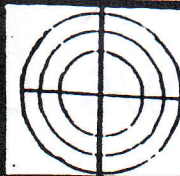

NEW TECHNOLOGY

We are planning to establish a fund for purchasing items to assist us in our work. We need to purchase a video camera, a good quality, small still camera with a telephoto lens facility, and several items useful for monitoring and surveillance activities. This as you might imagine is very expensive. We are looking for anybody who would be willing to make a regular donation, in cash, or possibly through a direct debit system. If you are in a position to do this, then please contact us now!

STICKERS

Still on financial matters, (we're beginning to sound like the Jewish Chronicle), we have as a method of fundraising, a range of stickers for sale. The first print run has already sold out, thanks to the advertising space donated by colleagues such as Resurgam. A second print run will feature 8 different stickers (instead of 10) with peel off backs, and are offered for sale at three pounds, fifty, per 100 (mixed). Sample packs of 20 are available for 3 x 1st class stamps.

..NEWS UPDATE....NEWS UPDATE....

RED ACTION GET "BLOODY NOSE" AT THE "BATTLE OF OLD STREET"

Several members of Red Action, received a severe beating when they tried to ambush Nationalists who were drinking in a North London pub recently. Red Action, still smarting from the beating that they received when Nationalists attacked them as they were meeting in the Enkel Arms in preparation for stewarding duties at a pro-IRA march last August, decided to launch an attack on a 18 strong group of Nationalists who had gathered at the Gluepot Pub, near Old Street Station.

Unfortunately for the Reds, they had already been spotted earlier at a venue in nearby Curtain Road, and as they left to go to the Gluepot, hoping to "ambush" the Nationalists, a quick message was passed, and the Nationalists were ready for the attack.

A decision was made to defend themselves away from, rather than in the pub, and the 40 strong gang of Red Action "hardmen" were surprised some yards from their objective. Several minutes of what can only be described as "hand to hand combat" took place on the forecourt of the local Fire Station, before the "provos" were forced to flee. An eyewitness told TARGET "that one Nationalist was attacked, and went down grappling with three of Red Action's men, and when he got up he was covered in blood. But a later examination found no wounds at all on the Nationalist, so all of the blood must have been from the Reds." Another eyewitness said "Despite odds of two to one, the Reds were completely devastated. From a Nationalist point of view, there is little doubt that this was their finest hour!"

Red Action's catalogue of failures has resulted in a severe loss of "street credibility" amongst other anti-Fascist organisations, and may be part of the reason that Gerry Gable and his Searchlight team are trying desperately to distance themselves from the "Provos", and have even made overtures to the Anti-Nazi League.

REDS FAIL AGAIN

Following their ignominious defeat at Old Street, the Red Action thugs then went for a "softer" target, a few days later, in the shape of BNP stalwart Derek Beacon. Derek, who is middle aged, was leaving his home in East London, when he was set upon by three men wearing balaclavas and carrying iron bars. Derek did a fair impersonation of his hero Errol Flynn, and wielding his umbrella like a sword, he managed to ward off most of the blows until the "anti-racist" attackers were chased off by two local BLACKS.

It is suspected that another reason Derek was singled out for attack is because he has recently announced his candidacy for the forthcoming Isle of Dogs (Millwall) election. The BNP are likely to do VERY well in this election, and there is quiet optimism that they could EVEN win it.

The tactics of "picking off" individual Nationalists is a disturbing, and cowardly change of trend by Red Action, although with the odds in their favour it could be the only way they can achieve some kind of success.

Nationalists should be warned by this incident, and improve their personal security. Reds should also be warned that Nationalists will not stand for this type of tactic, and RETALIATION IS LIKELY.

AFA's favourite band, the Blaggers should really be re-named the "Braggers", as all they like to do is praise the Reds and the IRA, and constantly threaten from the stage, their intention of physically "smashing" Fascists. Well just recently they had their opportunity when 30 Fascists attacked the "Braggers" at a venue at London's New Cross. Instead of fighting back, and "smashing" the Fascists, the "Braggers" barricaded themselves inside the venue, and refused to fight. From now on they must be known as "The Cowardly Braggers".

NEWS UPDATE

We were disturbed to hear allegations that Manchester BNP organiser Peter Rushton, is some sort of infiltrator, or informer for Searchlight. In the light of the appalling past lapses of security by the BNP i.e. Tim Hepple, the BNP have a duty to it's members to hold an IMMEDIATE INQUIRY into these very serious allegations, and make their findings known. We would also suggest that Mr Rushton himself, makes a public statement as to these allegations.

We are also unhappy to hear that former League of St George leader, Keith Thompson is busy trying to ingratiate himself back into the Nationalist Fraternity. Thompson, you will remember, was revealed as a Searchlight Informer who sold sensitive material to Gerry Gable in the late 70's and early 80's. More recently he tried involving himself in the Skinhead music scene, after which, many of their planned gigs had to be cancelled, after someone told Searchlight details of the venue.

EUROPE

Nationalist colleagues in France should be aware that DESCAMPS PASCAL, of 38, Rue Zamark, 25200, Moutheliard, has been regularly contacting CLASS WAR in Britain. His main contact is also a member of the Communist Indian Workers Association.

DONATIONS

Pro-Fascist Action is an ad-hoc committee producing TARGET. All monies received are used for the cause. Nobody gets paid for their work, all are volunteers. Please send what you can afford to help us continue our work. Please remember as we have no bank account, all donations should be via UNNAMED Postal Orders, postage stamps, or CASH (no coins). Overseas donations are also welcome in local currency.

If you wish to contact us, with queries, information, photographs or donations please use the CORRECT address. A.Jones. BM Box 4534, London. WC1N 3XX...

FINALLY

Please remember that we can only exist if YOU provide us with information. Join the fight against Searchlight and it's supporters by becoming a TARGET SNIPER. Every Nationalist Branch MUST establish an INTELLIGENCE SECTION. Please send photo's and information direct to us. We will then make sure that ALL NATIONALISTS are kept informed. This is no time for petty inter-party squabbles. SEARCHLIGHT and it's SUPPORTERS are ENEMIES OF US ALL.

To the various Red and Anti-Fascist Groups that also hate the way that Searchlight operates, we say, Searchlight has been proved without doubt, to have connections with the Secret State suppression system. The Establishment is as determined to crush you, as it is to crush us. We believe that politics and political campaigns should be fought legitimately, and the exposure and harassment tactics used by Searchlight have no place in politics. Therefore we make this offer. WE WILL USE ANY GENUINE INFORMATION THAT YOU CARE TO PROVIDE, and will NEVER, NEVER, REVEAL OUR SOURCES.

TARGET

EXPOSES

'Jones the SPY'

Following information initially given by a "lefty" group, "TARGET" has successfully managed to expose a nest of Searchlight supporters who have been infiltrating and monitoring Nationalist groups for some considerable time.

Without giving precise details, as this could lead to the identity of our source, we were advised that a person describing himself as

"Mr H.J. Allen" of 22A Frinton Road, London. N15 was acting on behalf of Searchlight. Our informants also suggested that "Mr Allen" had become a member of one Nationalist group, and a subscriber to Nationalist magazines, as well as purchasing various books and publications from others.

Getting previously unprecedented cooperation from all of the Nationalist groups that TARGET approached, all but two, had received some sort of correspondence from "Mr Allen".

Our source refused a meeting, but suggested that a look at the electoral register might be beneficial.

A TARGET "Sniper" was dispatched "into the field" and reported that the subject address was "a dingy end of terrace house in the heart of North London's multi-racial cesspit, with Blacks, Kurds and Hassidic Jews being the main occupants of the area".

A check of the electoral register revealed that the occupants of 22A Frinton Road, was NOT "H.J. Allen" but Michael and Martina Jones. A further check with British Telecom confirmed that the Jones's did live at that address, but the phone number was "ex-directory". The P.F.A. Directorate was briefed on the investigation, and it was decided to be patient, as it was felt that "H.J. Allen" would eventually contact us.

In the meantime, a TARGET surveillance team kept the building and it's occupants under close observation. The results of the teams findings, will be the subject of another article.

After a two week wait, the expected order for a copy of TARGET arrived from "Mr H.J. Allen" of 22A, Frinton Road.

A specially marked copy of TARGET was sent to "Mr Allen" as we expected part, if not all, of the paper to be reproduced at a future date in Searchlight, with a letter asking why "Mr Allen" was using an alias.

"Mr Jones's" reply was not long in coming, he returned his copy of TARGET with the following messages scrawled across all of the pages.

It was interesting to note, that our "doctored" copy of TARGET was returned not by post, but was handed in at our accommodation address. An investigator contacted the accommodation agency, and by a marvellous stroke of luck, the lady that we phoned actually remembered who had handed the letter in! "Yes, she said, it was the person who collects the mail for ***** group.

Valuable information that will be revealed later, after further checks have taken place.

So, to all Nationalist colleagues, please check your membership and subscribers lists, and delete "H.J. Allen". Also, please pass this information on to other friends.

To "Mr Allen" who also likes to call himself "The Scorpion", we say, CRAWL BACK UNDER YOUR STONE BEFORE WE SQUASH YOU:

To anybody who feels suitably incensed by "Mr Allen's" behaviour, please give him a ring on 081 802 9723, and tell him his spying days are over. But please don't phone between 2am and 6am as you might disturb his sleep.!

IS WATCHING YOU!

The man pictured here has been nominated for the "Rudest Awakening of the Year Award". As a member of the SWP he was carrying out his paperselling duties with a few of his colleagues in South London, when he spotted a small group of Nationalists conducting their own sale. Instead of minding his own business he decided to try to harass the Nationalists. Heated words soon turned to blows, and he then made what was to be a near "fatal" mistake by aiming a kick at the groin of a Nationalist who is rumoured to be a member of C18, and not best noted for his calm disposition. It is possible, that the anti-Fascist heard the screams of a female colleague crying "don't hit him anymore, you will kill him" before he lost consciousness, and it is highly probable that as he lay in his hospital bed he realised the true meaning of the words.... Self Defence is NO Offence

WANTED

A Militant IRA supporter Dennis Clifford has vanished from his normal haunts in Manchester. We would like to know of his present whereabouts.

Also vanished from his home in Norman Grove, Bow, East London, is Searchlight photographer David (the nose) Hoffman. Has been known to be violent. If seen contact us immediately.

Searchlight, in it's "own inimitably style" has continued to harass political opponents both at home and at their places of work, despite our warnings of retaliation. One of the latest victims has been a young family man from Kent, who is alleged by Searchlight, to be the editor of a National Socialist magazine "The Oak".

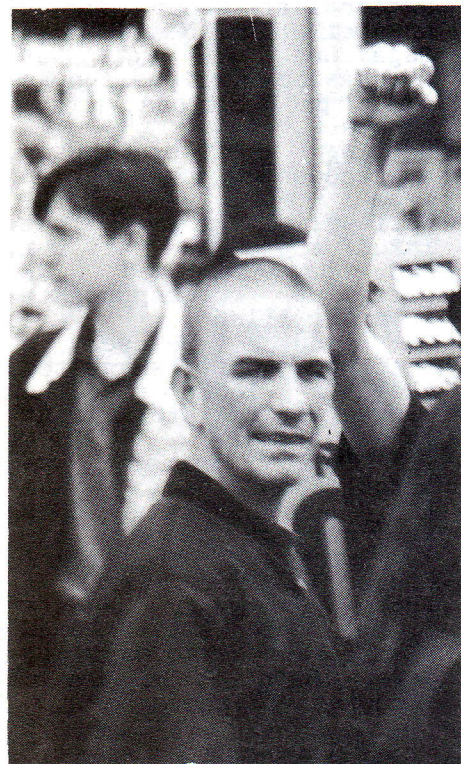

Following Searchlights lead, members of the Anti-Nazi League started to distribute leaflets specifically designed to increase the harassment. But unfortunately for them the Police took the view that leaflets urging "Smash the Nazi's" could cause "harassment, alarm or distress", and arrested two of the distributors. Both have pleaded not guilty, and have been remanded until September.

The two are..., A.R.(Reg) Weston, of 16, Villa Road, Higham, Kent. (Phone 0474 823220) and Gill Emerson, of 63, Lynton Road South, Gravesend, Kent. (Phone 0474 566701). Please phone them, or even arrange a personal visit to tell them how much their actions disgust you.

Thanks to all colleagues who sent photographs and information. As usual your identities will remain confidential, but special thanks to "88" "The Team" and "The Nightwatchmen".

This specimen was seen fleeing the "Battle of Old Street" hotly pursued by some angry Nationalists seeking to discuss "hospital arrangements under the NHS". He ran on to the station and took refuge in a ticket kiosk, much to the surprise of the West Indian ticket collector, who promptly kicked him out (Racist B*****d). We know he has strong links with the London Borough of Hackney, supports the IRA, and is on the fringe of Red Action, but would like to know more.

Can you help ?
